

## **Follow Me**

Follow Me, was the piece my voice teacher in college, gave me to sing. I wanted some rock or R&B piece to sing and thought it was gag. I didn't realize it is the love theme from the musical CAMELOT!!!! The piece is a love theme and has very smooth sensual harmonies and tones in it like no other piece. It wasn't until I got older that I realized what a beautiful piece my vocal instructor actually had given to me to sing. Enjoy!
